The perfect proposal to match product variety in a smaller footprint

Distinctive product attributes

For any environmental

- Flexible temperature management: up to 3 different ranges for maximum flexibility (snack - food - can & bottle).
- Ambient version for the distribution of PPE or items that do not require refrigeration.
- Ideal for offices, coworking spaces, shops, small commercial centres and factories.

Increase revenue, limiting TCO

- Twin version to offer an efficient solution in combination with a master machine / multiple installations.
- Simplified machine re-configuration to change layout without changing the machine

Gusto wide values

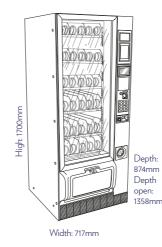

Sustainability excellence

- Class C energy label (according to IEC EN) achieved through excellent thermal insulation and use of high-efficiency R290 natural gas.
- Designed also with bio-circular plastics parts, up to 60% recyclable components and 100% recyclable packaging easy to be disposed.

Full solution with guaranteed performances

- High-performance cooling unit ensuring the best quality under demanding environmental conditions as 35°C / 65% of humidity.
- Banked with a Necta Barista coffee machine allows a complete experience with the full digital services proposition (two-way telemetry services such as TeleVend and AmiClo).
