The easiest interaction  
within the impulse segment

### Distinctive product attributes

#### Best solution for automatic canteens

- Smart solution for locations needing to offer catering services 24/7, not just a vending machine but a true automatic canteen.
- The extreme flexibility of configuration allows the user to choose between ready meals, snacks, drinks, fresh dishes, fruit and yoghurt.

#### Smart modularity for a tailor-made offering

- Each tray can be adjusted in height and width or removed to accommodate products of different sizes and types.
- Each plate can accommodate from a minimum of 4 slots to a maximum of 36 slots and each product can be picked up by the end-user via capacitive keyboard that allows the window to be opened.

### Gusto wide values

#### Sustainability excellence

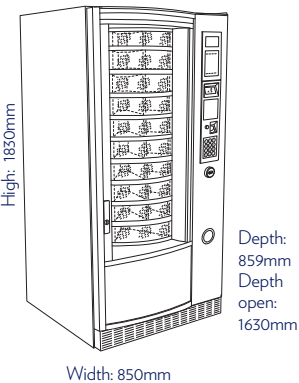

- Class E energy label (according to IEC EN) achieved through excellent thermal insulation and use of high-efficiency R290 natural gas.
- Designed also with bio-circular plastics parts, up to 60% recyclable components and 100% recyclable packaging easy to be disposed.

#### Full solution with guaranteed performances

- High-performance cooling unit ensuring the best quality under demanding environmental conditions as 35°C / 65% of humidity.
- Banked with a Necta Barista coffee machine allows a complete experience with the full digital services proposition (two-way telemetry services such as TeleVend and AmiClo).

### Technical data & dimensions

- 230-240 V
- 50-60 Hz
- 600 W
- Configuration : base stand
- Refrigerant Gas = R290
- Noise level < 70dB
- Temperatures from 0° to 3°
- Category: 3

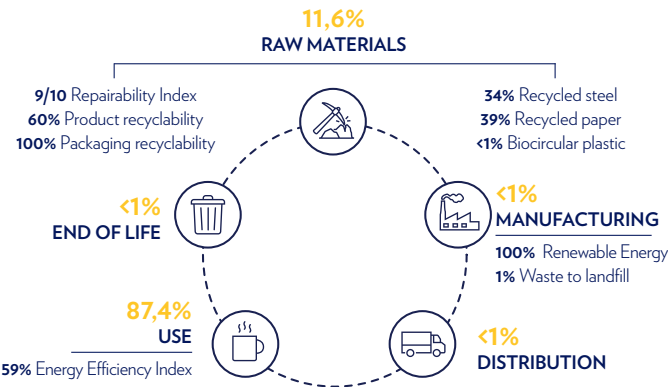

### Specification

- Number of drums : max 10
- Product selection for drum: 6-12-18-24-36
- Product capacity till 360

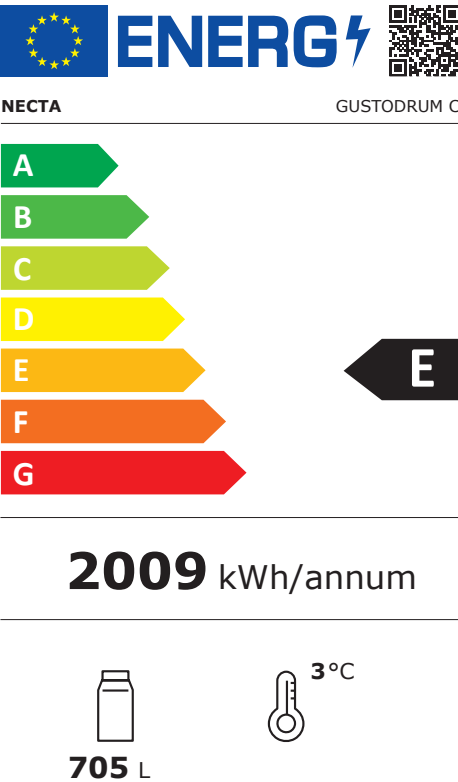

### Product carbon footprint scorecard

#### Carbon footprint

- Per annum: 775 kgCO2eq
- Cradle to cradle: 15,495 kgCO2eq

### Energy efficiency E rated
